For the attention of The Secretary

ARUP

Dear Sir/Madam

C 1767.10 Shannon Pipeline

Notice of Direct Planning Application to An Bord Pleanála in respect of a Strategic Infrastructure Development

On behalf of our Client, Shannon LNG Limited, please find enclosed an application for permission in respect of a Strategic Infrastructure Development by Shannon LNG Limited.

The proposed development is a natural gas pipeline to connect the proposed Shannon LNG Terminal at Ralappane, County Kerry to the existing natural gas network at Leahys, County Limerick. The development will consist of a steel natural gas pipeline (approximately 26km long, below ground) and two above ground installations (AGIs); the Shannon LNG Terminal AGI is situated at the western end of the pipeline within the boundary of the proposed Shannon LNG Terminal, and Foynes AGI is situated at the eastern end of the pipeline at a greenfield site on the existing natural gas network at Leahys, County Limerick.

The proposed pipeline has a nominal diameter of 750 millimetres and a design pressure of 98barg; this is the pressure required at the LNG terminal end of the pipeline to meet the injection pressure requirements of 85 barg at the existing natural gas network. The pipeline will be designed, installed, operated and maintained to meet the requirements of I.S. 328:2003, 'Code of Practice for Gas Transmission Pipelines and Pipeline Installations'.

Although a specific route has been developed for the pipeline, planning permission is sought for a corridor along the pipeline route. The purpose of the corridor is to allow for route refinement in the event that unforeseen features are discovered during the construction of the pipeline, for example an archaeological feature. The pipeline route would be adjusted within the confines of the corridor to avoid the feature, subject to the agreement of the landowner. The corridor is 100 metres wide and is normally centred on the pipeline (i.e. it extends 50 metres on both sides of the line) except where it is moved laterally to avoid going outside the boundary of the land owned by the wayleave landowner, or to avoid other features. At a number of locations the corridor is constrained on both sides such that its width is less than 100 metres. The predicted impacts and mitigation measures, described in the Environmental Impact Statement, are based on this corridor.

Shannon LNG has also applied for a Compulsory Acquisition Order under Section 32 of the Gas Act, 1976 relating to all landowners along the route where consent had not been received at the time of application.

The proposed Shannon LNG Terminal AGI falls within the footprint of the proposed Shannon LNG Terminal which is an establishment to which the Major Accident Directive applies.

Shannon LNG is seeking planning permission for this development for a period of 10 years.

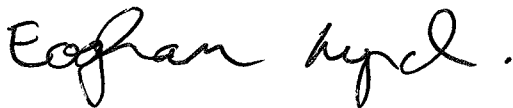

Five hard copies and five electronic copies of the following documentation are enclosed:

- application form and appended documentation
- planning drawings, and
- the Environmental Impact Statement prepared in relation to the application

The application will also be available for viewing at a dedicated website, <http://www.shannonpipelineplanning.ie>, from 19 August 2008. We confirm that the planning application information available on this website is the same as that submitted to An Bord Pleanála.

Please contact the undersigned if you have any queries.

Yours faithfully
for
Arup Consulting Engineers

Eoghan Lynch

PLANNING AND DEVELOPMENT ACTS 2000 TO 2006
Notice of Direct Planning Application to An Bord Pleanála
in Respect of a Strategic Infrastructure Development

COUNTY KERRY AND COUNTY LIMERICK

In accordance with Section 182C of the Planning and Development Act 2000 as amended by the Planning and Development (Strategic Infrastructure) Act 2006 Shannon LNG Limited gives notice of its intention to make an application for permission/approval to An Bord Pleanála in relation to the following proposed development:

The proposed development is a natural gas pipeline, with associated above ground installations (AGIs), to connect the Shannon LNG Regasification Terminal at Ralappane, County Kerry to the existing natural gas network at Leahys, County Limerick. The proposed development is located in the townlands of Ralappane, Carhoonakineely, Carhoonakilla, Cockhill, Carhoona, Dooncaha, Doonard Upper, Tieraclea Upper, and Kilmurphy, County Kerry, and Ballygoghlan, Ballycullane Upper, Ballynagaul, Kinard, Ballyglennan Lower, Killeany More, Flean More, Curra More, Lisready (Clare), Ballyroe, Knocknabooly West, Knocknabooly Middle, Knocknabooly East, Mount-trenchard, Ballynash (Bishop), Ballynash (Clare), and Leahys, County Limerick.

The development comprises a new below ground steel natural gas pipeline (approximately 26km long, 98bar, 750mm nominal diameter), with associated marker posts and cathodic protection facilities, and two new above ground installations, one at either end of the new pipeline.

The new above ground installation at the Shannon LNG Regasification Terminal comprises above ground and below ground pipework and valves, pig trap, instrument building, instrument kiosk, odorant facilities, metering building, electrical metering cabinets, lighting, ancillary equipment and facilities, site roads, security fencing, gates, earthworks, below ground and above ground drainage, utility systems, operational laydown areas, landscaping, and all associated on-site infrastructure required to serve the proposed development.

The new below ground installation at the connection to the existing natural gas network at Leahys, County Limerick comprises above ground and below ground pipework and valves, pig trap, instrument buildings, metering and analyser building, analyser building, heater building, regulator building, heat exchangers, filters, metering equipment, pressure regulation/flow control equipment, electrical metering cabinets, lighting, ancillary equipment and facilities, entrance road and site roads, security fencing, gates, earthworks, below ground and above ground drainage including soakpits, utility systems, operational laydown areas, landscaping, works to existing public road to accommodate a new entrance, and all associated on-site infrastructure required to serve the proposed development.

The proposed Shannon LNG Terminal AGI falls within the footprint of the proposed Shannon LNG Terminal which is an establishment to which the Major Accident Directive applies.

An Environmental Impact Statement has been prepared in relation to the application.

The planning application and the Environmental Impact Statement may be inspected free of charge or purchased on payment of a specified fee during public office opening hours for a period of seven weeks commencing on 19 August 2008 at the following locations:

The Offices of An Bord Pleanála 64 Marlborough Street, Dublin 1.

The Offices of the relevant Planning Authority:

— Kerry County Council, County Buildings, Rathass, Tralee, and
— Limerick County Council, County Hall, Dooradoyle, Limerick
The Offices of Shannon LNG Limited, Cleveragh Business Park, Listowel, Co. Kerry.

The planning application and the Environmental Impact Statement may be inspected free of charge during public office opening hours for a period of seven weeks commencing on 19 August 2008 at the following locations:

Listowel Garda Station, Church Street, Listowel, County Kerry, and
Askeaton Garda Station, Askeaton, County Limerick.

The application may also be viewed/downloaded on the following website:

<http://www.shannonlmgplanning.ie>

Submissions or observations may be made only to An Bord Pleanála ('the Board') 64 Marlborough Street, Dublin 1 during the above-mentioned period of seven weeks relating to -

- the implications of the proposed development for proper planning and sustainable development, and
- the likely effects on the environment of the proposed development, if carried out.

Any submissions/observations must be received by the Board not later than 5.30p.m. on the 07 October 2008, must be accompanied by a fee of €50, and must include the following information:

- the name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating to the application should be sent,
- the subject matter of the submission or observation, and
- the reasons, considerations and arguments on which the submission or observation is based in full.

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

The Board may in respect of an application for permission/approval decide to -

- (i) grant the permission/approval, or
- (ii) make such modifications to the proposed development as it specifies in its decision and grant permission/approval in respect of the proposed development as so modified, or
- (iii) grant permission/approval in respect of part of the proposed development (with or without specified modifications of it of the foregoing kind),
and any of the above decisions may be subject to or without conditions,
or
- (b) refuse to grant the permission/approval.

Any enquiries relating to the application process should be directed to the Strategic Infrastructure Section of An Bord Pleanála (Tel. 01-8588100)

PUBLIC NOTICES

Planning and Development Acts 2000 to 2006
NOTICE OF DIRECT PLANNING APPLICATION TO AN BORD PLEANÁLA IN
RESPECT OF A STRATEGIC INFRASTRUCTURE DEVELOPMENT
County Kerry and County Limerick

In accordance with Section 182C of the Planning and Development Act 2000 as amended by the Planning and Development (Strategic Infrastructure) Act 2006 Shannon LNG Limited gives notice of its intention to make an application for permission/approval to An Bord Pleanála in relation to the following proposed development:

The proposed development is a natural gas pipeline, with associated above ground installations (AGIs), to connect the Shannon LNG Regasification Terminal at Ralappane, County Kerry to the existing natural gas network at Leahys, County Limerick. The proposed development is located in the townlands of Ralappane, Carhoonakineely, Carhoonakilla, Cockhill, Carhoona, Doonacha, Doonard Upper, Tieraclea Upper, and Kilmurrlly, County Kerry, and Ballygoghlan, Ballycullane Upper, Ballynagaul, Kinard, Ballygiltinan Lower, Killeany More, Flean More, Curra More, Lisready (Clare), Ballyroe, Knocknabooly West, Knocknabooly Middle, Knocknabooly East, Mounttrenchard, Ballynash (Bishop), Ballynash (Clare), and Leahys, County Limerick.

The development comprises a new below ground steel natural gas pipeline (approximately 26km long, 98barg, 750mm nominal diameter), with associated marker posts and cathodic protection facilities, and two new above ground installations, one at either end of the new pipeline.

The new above ground installation at the Shannon LNG Regasification Terminal comprises above ground and below ground pipework and valves, pig trap, instrument building, instrument kiosk, odorant facilities, metering building, analyser building, electrical metering cabinets, lighting, ancillary equipment and facilities, site roads, security fencing, gates, earthworks, below ground and above ground drainage, utility systems, operational laydown areas, landscaping, and all associated on-site infrastructure required to serve the proposed development.

The new above ground installation at the connection to the existing natural gas network at Leahys, County Limerick comprises above ground and below ground pipework and valves, pig trap, instrument buildings, metering and analyser building, analyser building, heater building, regulator building, heat exchangers, filters, metering equipment, pressure regulation/flow control equipment, electrical metering cabinets, lighting, ancillary equipment and facilities, entrance road and site roads, security fencing, gates, earthworks, below ground and above ground drainage including soakpits, utility systems, operational laydown areas, landscaping, works to existing public road to accommodate a new entrance, and all associated on-site infrastructure required to serve the proposed development.

The proposed Shannon LNG Terminal AGI falls within the footprint of the proposed Shannon LNG Terminal which is an establishment to which the Major Accident Directive applies.

An Environmental Impact Statement has been prepared in relation to the application.

The planning application and the Environmental Impact Statement may be inspected free of charge or purchased on payment of a specified fee during public office opening hours for a period of seven weeks commencing on 19 August 2008 at the following locations:

The Offices of An Bord Pleanála 64 Marlborough Street, Dublin 1.

The Offices of the relevant Planning Authority:

- Kerry County Council, County Buildings, Rathass, Tralee, and
- Limerick County Council, County Hall, Dooradoyle, Limerick

The Offices of Shannon LNG Limited, Clieveragh Business Park, Listowel, Co. Kerry.

The planning application and the Environmental Impact Statement may be inspected free of charge during public office opening hours for a period of seven weeks commencing on 19 August 2008 at the following locations:

- Listowel Garda Station, Church Street, Listowel, County Kerry, and
- Askeaton Garda Station, Askeaton County Limerick.

The application may also be viewed/downloaded on the following website:

<http://www.shannonpipelineplanning.ie>

Submissions or observations may be made only to An Bord Pleanála ('the Board') 64 Marlborough Street, Dublin 1 during the above-mentioned period of seven weeks relating to -

- (i) the implications of the proposed development for proper planning and sustainable development, and
 - (ii) the likely effects on the environment of the proposed development, if carried out.
- Any submissions/observations must be received by the Board not later than 5.30p.m. on the 07 October 2008, must be accompanied by a fee of €50, and must include the following information:
- (i) the name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating to the application should be sent,
 - (ii) the subject matter of the submission or observation, and
 - (iii) the reasons, considerations and arguments on which the submission or observation is based in full.

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

The Board may in respect of an application for permission/approval decide to -

- (a)(i) grant the permission/approval, or
- (ii) make such modifications to the proposed development as it specifies in its decision and grant permission/approval in respect of the proposed development as so modified, or
- (iii) grant permission/approval in respect of part of the proposed development (with or without specified modifications of it of the foregoing kind), and any of the above decisions may be subject to or without conditions, or
- (b) refuse to grant the permission/approval.

Any enquiries relating to the application process should be directed to the Strategic Infrastructure Section of An Bord Pleanála (Tel. 01-8588100)

Legion

E.K. MINOR LEAGUE:

LEGION 0-18 RATHMORE 2-10. Played in almost perfect conditions at Dieren on Monday night last we had a hard earned but well deserved 2pt. victory. Both teams gave everything they had in pursuit of victory and this led to a marvellous contest that had everything one could hope for in a football match.

A huge part of the credit for the quality of the game has to go to referee Christy Crowley who let the two teams go at it full tilt while always keeping a firm hand on matters. As a result the game flowed from start to finish.

We began very well with well taken pts. from David O Sullivan, Brian O'Mahoney and the in-form Denis Sheehan. Kieran Slattery got through an enormous amount of work at wing-forward ably assisted by Colm Carmody and Mark O Driscoll.

Further well worked pts. from Sean Keane and the overlapping Sean McCarthy gave us a commanding 10pts. to 4 lead heading for the break but Rathmore responded with 3 unanswered pts. of their own to leave just a goal in it at half-time.

Early pts. from frees by David O Sullivan at the start of the second half got us back on track and in defence Kevin Carmody and Mike O'Connor were well in control. Chris Davis was also prominent with several good runs forward.

Yet again Rathmore responded with a well taken goal just at the right time to leave just 2pts. between the sides. The Legions response was provided by the very impressive Sean McCarthy who surged forward to register another pt. followed by an opportunistic punched point by Mark Moriarty.

Having opened up some breathing space Rathmore once more answered with a great goal and with only minutes remaining just a

point separated the teams. Keeping their composure all the Legion players upped their game and with some excellent support play the ever reliable David O Sullivan kicked another fine pt. to finish the scoring.

David McCarthy ably deputised in goal and it was great to see so many fine performances around the field by the Legion players. Miles Galvin worked hard when introduced and continues with the good form he's shown of late.

Team- David McCarthy, Kevin Carmody, Tom Slattery, Ciaran Lyne, Chris Davis, Mikey Connor, Sean McCarthy, Mark Driscoll, Denis Sheehan, Colm Carmody, Sean Keane, Kieran Slattery, Brian O'Mahoney, Mark Moriarty, David O Sullivan.

FIXTURES-Minor League, Legion V Kenmare in Kenmare Mon. Aug. 4th. CO.CHAMPIONSHIP - Legion V South Kerry in Dieren Thurs. Aug. 12th.

U16 CO.LEAGUE Legion 2-17 Rathmore 1-6. Our U16's finished top of the co.league div.1 with a convincing win over Rathmore in Dieren on Fri. evening.

It was pt. for pt. by both sides for the first 20mins. and looked set to be a close encounter until Legion struck for two goals. The first from Killian Treacy followed two mins later by the second from midfielder Sean McCarthy.

This gave the home side a comfortable 2-8 to 0-5 lead at half-time. The second half was all Legion with captain David O Sullivan putting in a fine display of freetaking. Up front Brian Griffin, Killian Treacy and David McCarthy were all in top form and in defence Connie O Leary, Tom Lucey and Chris Davies all dominated.

Overall a satisfying performance by our boys who now progress to the co.league semi-final. We would like to wish a full and speedy recovery to Thomas Moriarty, David Gleeson and Noel O Sullivan all of whom suffered breaks.

FIXTURES- U16 Co.Semi-

NEW PASTURES- Best wishes to Elaine O Donoghue Loretto Rd. daughter of Breda and Donal who sets off for Templemore next week to commence Garda training following in her sister Laura's footsteps. Elaine worked in Bellview Woods Childcare who generously sponsored a set of jerseys for our ladies team

GOOD LUCK to Cathal Moynihan, Paul Griffin and Sean Casey as they set off on their Olympic adventure. A huge honour for the whole of Kilarney to have three such talented sportsmen from our area.

SYMPATHY- The past week saw the sad passing of one of the Legion's most loyal followers when Mary O Donoghue originally of Knockeduff died after a long battle with illness. It would be safe to say that there weren't many football fields in Kerry that Mary hadn't been in watching the club she supported so avidly.

One poignant photograph in our clubhouse shows Mary as one of the first people to attend a game in Dieren- the first of many down through the years.

It was always with pride that she watched either her brothers, nieces or nephews in action and indeed the sight of nephew James wearing the county colours for the minors was a thing that she herself foresaw when he was just 12 years old.

At this difficult time for the O Donoghue family and her partner Rory we extend our sincerest sympathy. Solas Dé ar a h-anam dílis.

NOTICE of the making under Section 32 of the Gas Act, 1976, to An Bord Pleanála for an Acquisition Order in respect of the Shannon Pipeline, under and within the meaning of the above Act, provision for compensation being made in Section 33 of the said Act.

SHANNON PIPELINE

Pursuant to Article 3(1) of the Second Schedule to the said Act, notice is hereby given that Shannon LNG Limited has applied to An Bord Pleanála for an Acquisition Order (within the meaning of the said Act) to enable Shannon LNG Limited under Section 32 of the said Act to acquire compulsorily the right over land specified in Schedule A to this paragraph, over the strips of land situate in the Townlands and Counties specified hereunder:

The Townlands which the pipeline passes through are as follows:
Ralappane, Carhoonakineely, Carhoonakilla, Cockhill, Carhoona, Dooncaha, Doonard Upper, Tieraclea Upper, and Kilmurrlly all in the County of Kerry;

AND

Ballygoghlan, Ballycullane Upper, Ballynagaul, Kinard, Ballygiltenan Lower, Killeany More, Flean More, Curra More, Lisready (Clare), Ballyroe, Knocknabooly West, Knocknabooly Middle, Knocknabooly East, Mounttrenchard, Ballynash (Bishop), Ballynash (Clare), and Leahys all in the County of Limerick; and the route of the pipeline is shown coloured red on the map below. All landowners and other affected parties shall be notified individually by way of separate notices.

SCHEDULE A

The right over land to use the relevant strips of land for the construction, operation and maintenance therein by Shannon LNG Limited of a natural gas pipeline and such other works, services, facilities and other things as are necessary or expedient in relation thereto or are ancillary thereto or form part thereof.

Objections and representations pursuant to the Gas Act, 1976, as amended, as regards the said proposed Acquisition Order may be made in writing to An Bord Pleanála (hereinafter referred to as the "Board") at 64 Marlborough Street, Dublin 1 within a period of 7 weeks commencing on 19 August 2008 and ending at 5.30 p.m. on 7 October 2008 which latter date is the last date for the making of representations and objections to the making of the proposed Acquisition Order.

A fee of €50.00 is payable to An Bord Pleanála on the making of a submission, observation or representation to An Bord Pleanála. A land owner or any other person with a legal interest in the land affected by the proposed Acquisition Order or any prescribed body is exempt from having to pay the submission fee of €50.00.

Any person who wishes to object in writing in relation to the Application may also request an oral hearing.

An Environmental Impact Statement, for which separate public notice has or will be given, has been prepared in respect of the development which it is proposed to carry out on the strips of land.

The documents which accompanied the said Application were submitted by Shannon LNG Limited to An Bord Pleanála. Copies of the said documents may be inspected free of charge by any person during the period of 7 weeks commencing on 19 August 2008 between the hours of 9.00 a.m. and 4.30 p.m. on any day (Saturdays, Sundays and Public Holidays excepted) at the following locations:

Planning and Development Acts 2000 to 2006

NOTICE OF DIRECT PLANNING APPLICATION TO AN BORD PLEANÁLA IN RESPECT OF A STRATEGIC INFRASTRUCTURE DEVELOPMENT

County Kerry and County Limerick

In accordance with Section 182C of the Planning and Development Act 2000 as amended by the Planning and Development (Strategic Infrastructure) Act 2006 Shannon LNG Limited gives notice of its intention to make an application for permission/approval to An Bord Pleanála in relation to the following proposed development:

The proposed development is a natural gas pipeline, with associated above ground installations (AGIs), to connect the Shannon LNG Regasification Terminal at Ralappane, County Kerry to the existing natural gas network at Leahys, County Limerick. The proposed development is located in the townlands of Ralappane, Carhoonakineely, Carhoonakilla, Cockhill, Carhoona, Dooncaha, Doonard Upper, Tieraclea Upper, and Kilmurrlly, County Kerry, and Ballygoghlan, Ballycullane Upper, Ballynagaul, Kinard, Ballygiltenan Lower, Killeany More, Flean More, Curra More, Lisready (Clare), Ballyroe, Knocknabooly West, Knocknabooly Middle, Knocknabooly East, Mounttrenchard, Ballynash (Bishop), Ballynash (Clare), and Leahys, County Limerick.

The development comprises a new below ground steel natural gas pipeline (approximately 26km long, 98barg, 750mm nominal diameter), with associated marker posts and cathodic protection facilities, and two new above ground installations, one at either end of the new pipeline.

The new above ground installation at the Shannon LNG Regasification Terminal comprises above ground and below ground pipework and valves, pig trap, instrument building, instrument kiosk, odorant facilities, metering building, analyser building, electrical metering cabinets, lighting, ancillary equipment and facilities, site roads, security fencing, gates, earthworks, below ground and above ground drainage, utility systems, operational laydown areas, landscaping, and all associated on-site infrastructure required to serve the proposed development. The new above ground installation at the connection to the existing natural gas network at Leahys, County Limerick comprises above ground and below ground pipework and valves, pig trap, instrument buildings, metering and analyser building, analyser building, heater building, regulator building, heat exchangers, filters, metering equipment, pressure regulation/flow control equipment, electrical metering cabinets, lighting, ancillary equipment and facilities, entrance road and site roads, security fencing, gates, earthworks, below ground and above ground drainage including soakpits, utility systems, operational laydown areas, landscaping, works to existing public road to accommodate a new entrance, and all associated on-site infrastructure required to serve the proposed development.

The proposed Shannon LNG Terminal AGI falls within the footprint of the proposed Shannon LNG Terminal which is an establishment to which the Major Accident Directive applies.

An Environmental Impact Statement has been prepared in relation to the application.

The planning application and the Environmental Impact Statement may be inspected free of charge or purchased on payment of a specified fee during public office opening hours for a period of seven weeks commencing on 19 August 2008 at the following locations:

The Offices of An Bord Pleanála 64 Marlborough Street, Dublin 1.

Re: DIRECT APPLICATION TO AN BORD PLEANÁLA IN RESPECT OF A STRATEGIC INFRASTRUCTURE DEVELOPMENT.

Dear Sir/Madam,

Please be advised that Shannon LNG Limited intends to apply to An Bord Pleanála for permission for the proposed development of:

The proposed development is a natural gas pipeline, with associated above ground installations (AGIs), to connect the Shannon LNG Regasification Terminal at Ralappane, County Kerry to the existing natural gas network at Leahys, County Limerick. The proposed development is located in the townlands of Ralappane, Carhoonakineely, Carhoonakilla, Cockhill, Carhoona, Dooncaha, Doonard Upper, Tieraclea Upper, and Kilmurrily, County Kerry, and Ballygoghlan, Ballycullane Upper, Ballynagaul, Kinard, Ballygiltenan Lower, Killeany More, Flean More, Curra More, Lisready (Clare), Ballyroe, Knocknabooley West, Knocknabooley Middle, Knocknabooley East, Mounttrenchard, Ballynash (Bishop), Ballynash (Clare), and Leahys, County Limerick.

The development comprises a new below ground steel natural gas pipeline (approximately 26km long, 98barg, 750mm nominal diameter), with associated marker posts and cathodic protection facilities, and two new above ground installations, one at either end of the new pipeline. The new above ground installation at the Shannon LNG Regasification Terminal comprises above ground and below ground pipework and valves, pig trap, instrument building, instrument kiosk, odorant facilities, metering building, analyser building, electrical metering cabinets, lighting, ancillary equipment and facilities, site roads, security fencing, gates, earthworks, below ground and above ground drainage, utility systems, operational laydown areas, landscaping, and all associated on-site infrastructure required to serve the proposed development.

The new above ground installation at the connection to the existing natural gas network at Leahys, County Limerick comprises above ground and below ground pipework and valves, pig trap, instrument buildings, metering and analyser building, analyser building, heater building, regulator building, heat exchangers, filters, metering equipment, pressure regulation/flow control equipment, electrical metering cabinets, lighting, ancillary equipment and facilities, entrance road and site roads, security fencing, gates, earthworks, below ground and above ground drainage including soakpits, utility systems, operational laydown areas, landscaping, works to existing public road to accommodate a new entrance, and all associated on-site infrastructure required to serve the proposed development.

The proposed Shannon LNG Terminal AGI falls within the footprint of the proposed Shannon LNG Terminal which is an establishment to which the Major Accident Directive applies.

An Environmental Impact Statement has been prepared in relation to the application.

A copy of the application and Environmental Impact Statement are enclosed for your information.

Please note that An Bord Pleanála following its consideration of the application can decide to:

- (a) (i) grant the permission/approval, or

- (ii) make such modifications to the proposed development as it specifies in its decision and grant permission/approval in respect of the proposed development as so modified, or
- (iii) grant permission/approval in respect of part of the proposed development (with or without specified modifications of it of the foregoing kind),

and any of the above decisions may be subject to or without conditions,

or

- (b) refuse to grant the permission/approval.

Submissions or observations may be made only to An Bord Pleanála ('the Board') 64 Marlborough Street, Dublin 1 relating to-

- (i) the implications of the proposed development for proper planning and sustainable development, and
- (ii) the likely effects on the environment of the proposed development, if carried out.

Any submissions/observations must be received by the Board not later than 5.30p.m. on the 07 October 2008.

Mr. Paddy Power
Managing Director
Shannon LNG Limited
Fitzwilliam Hall,
25 – 26 Fitzwilliam Place
Dublin 2

23 February 2007

Our Ref: 31434

Dear Paddy,

Bona Fides Intention to Construct a Pipeline

I refer to your letter and attachments of 1st February 2007 on the above.

The Commission has examined the points made in your letter as well as the attached supporting documentation and is happy to certify that Shannon LNG has demonstrated a bona fide intention to apply for consent to construct a gas pipeline connecting the planned LNG terminal at Tarbert, Co. Kerry to the existing Bord Gáis Éireann gas network.

This certificate is issued pursuant to Section 26(1A) of the Gas act 1976 as inserted by Section 23 of the Gas (Interim)(Regulation) Act, 2002.

I trust that this is helpful. If you have any further queries please do not hesitate to contact myself or Eric Mullane at emullane@cer.ie.

Yours sincerely,
